Amazing bike fact

On a bike you can travel four times faster than you can walk, using a fifth of the energy!

TOOLS for SCHOOLS

Jigsaw

Use the picture below, make a jigsaw by cutting on the lines marked, and try to put the picture back together again.

Try finding your own image of cycling or draw one and create your own jigsaw. Swap with someone else and try each other's.

DON'T WORRY IF YOU DON'T HAVE A PRINTER, YOU CAN STILL JOIN IN SIMPLY BY COPYING ONTO PAPER.
